

Report on Communication Skill

In order to emphasize the importance of effective communication skills, the college has taken a proactive step by introducing Communicative English Seminar in the academic year 2022-2023. On the 7th of December, 2022, Dr. Tamali Neogi, the Head of the English Department, organized a highly successful seminar on Communicative English. The seminar focused on the significance of communication in various aspects of our daily lives, highlighting its integral role. The main topic of discussion was "What is Communication and its various aspects," where Dr. Neogi elaborated on the seven essential pillars of effective communication. The seminar aimed to assess the students' confidence in developing successful communication skills in any given situation.

The seminar proved to be an interactive platform, allowing students to freely ask questions and seek clarification on any doubts they had. Dr. Neogi provided satisfactory answers, leaving the students content and enlightened. Recognizing the importance of communication skills for their future endeavours, the college has decided to organize additional seminars and classes in the coming months. This initiative aims to ensure that our students are well-equipped with strong communication abilities, enabling them to excel in their personal and professional lives.
